1/1/86 to 12/14/86

3min... You know we are living in a day of extreme mysticism... is what we could call it...very peculiar things. I might not touch this in this morning but then again I may repeat it. But it just has to do with healing, just healing alone. Everybody seems to require healing, we all need healing. And Brother Branham said that he'd like to see that sweet Spirit of Christ come into the church, the gifts as it were put on the shelf and everybody be healed. He always prayed that everybody be healed. Of course that's a perfect parallel to the ministry of Christ when he was on earth when there was everybody in meetings healed. I saw that in Brother Branham's meetings where he prayed for them and there wasn't one that was missed, but let's just look at this business of healing and what we see today.

Here is a group of people that are called false prophets and they are on the scene with genuine gifts of healing and genuine gifts of prophesy and those ministries which you cannot deny come from God. For many people say well tongues are of the devil. Tongues are not of the devil unless it is the devil speaking in tongues. Healing is not of the devil, there is no way that healing can be of the devil, no way. And prophesy can be of the devil if you're going to use a soothsayer, but a genuine gift of prophesy could be used. And we see a man like Judas; he was born to that particular end. And God said concerning him... Jesus said, it was God in him saying, he said *one of you is diablo, one of you is the devil*. And yet he was commissioned to heal the sick to cast out devils and do many things under an anointing. Now what I'm trying to drive at is this, we need healing and healing is of God. But these men by genuine gifts and genuine healings; trick the people so therefore healing is a trick. You follow what I'm saying? So you keep that in mind it's a thought that'll blow your mind. And nobody but us will understand that. It isn't that the healing itself is not real, but brother/sister, when a real thing is used to a deceiving end, then you have the ultimate of deception. It's no longer as Brother Branham said the greatest lie is 99% truth. It is where you see something that is a 100% in itself then used in a manner to take people from the Word which is exactly what it says in Deuteronomy the 13th chapter. They come with a sign and a wonder to take you from the Lord. How can we know then what is the truth? Deuteronomy 18 **THUS SAITH THE LORD**. So here we have now the whole plan of God laid bare to be a complete snare to everybody that everything of God is a complete snare...right? Unless it is ordained to you through the channels that God ordained that you as an ordained person by an ordained revelation receive that light and then you know. So you see how deceitful deception is in this hour? It's exactly what I want you to see, God Himself sending strong delusion. So here we are today as never before to understand that we are a peculiar people. If what we understand when the prophet is right and I don't believe that I'm distending what he said. I merely explain what I understand him to have said. Of course this always causes trouble with everybody but us. As Brother Branham said, *"They reject my gift, they'll reject your gift."* And if you haven't seen by now, why, what I have is rejected...if you haven't seen that...can't understand it, I don't know how many more years I'll have to be with you. It wouldn't do any good anyway because you wouldn't understand. But you've got to understand these things because this is what it's all based upon. It's based upon genuine gifts all across the board... genuine gifts. Except in that area where it becomes strictly false because one Word off. Satan was a genuine prophet until he took that one Word off. Balaam came on the scene, he was genuine, he went off. And so that's what we're looking at this morning. We're looking at the ultimate of deception. And so you keep all these things in mind as you require God for healing and you come right down to what I told you Brother Branham said, *you take this Message for your healing*. And if it comes out of this Message you know you have the genuine right across the board. If it doesn't come out of it, you are in the realm of the great delusion of God. Why? Because God would have to send strong delusion to believe that lie because they turned down His manifested Truth even denying or saying no to the Lord that bought them. Now this is specifically what I wanted to tell you. This could have gone on a tape, it doesn't matter. But I just wanted to let you know that you understand as we speak of these things that there is a great mystery and the mystery was not known until this hour, what we're into. And

therefore this is the greatest...as Brother Branham ...the greatest deception that's ever been known. And people can say, "Yes it is the Bible, but it's the wrong man that's doing it. Oh yeah, we believe what Lee Vayle says about Presence but you see it's that terrible spirit he's got." Is that a fact? When have I lied about you? When have I asked you for money? When have I done one thing off the record? You can't put your finger on it. I've been a little critical at times, a little sharp. The prophet himself brought that clean over the pulpit but he said Lee's a very fine brother...bosom friend of mine, a little sharp on the trigger. Then he sort of apologized for it, kind of skimmed it over. Yes I am. I admit it no problem there. But to be personal, no, we stay with the Word of God. So the Lord bless you now and keep you in a good frame of mind to just keep in this Word, keep your mind right on it, zeroing in. It's a hard thing for me to explain to you how it's done but I can stand here all day, I can not tell you how a gift operates. There is no way, I can not tell you. But I want to tell you one thing; it has to operate functionally through your mind because God must use your mind. Deep down in the soul there is a life in there that comes out through the spirit. And the mind and the spirit are one together. The mind is that functional part that brings into a manifestation...not necessarily a visible manifestation ...but it is a mental manifestation to you; like you seeing something and then that something...I don't understand it but all I know is it is suddenly there and there it stands and you know what that Word says. I'm not a prophet but I can see where the prophet could be face to face with God and God talk with that man. And you couldn't sway him if you tried because he knows that he is right, there's nothing can change it. For as he was vindicated, we are not vindicated, we need no vindication. We need strictly to stand with that Word.

20min 34sec...One little grain of mustard seed faith in one area can develop and develop until much more comes in. The Word of God is like a pie its central. Everything in that pie is cut right through the center which is Christ. Take one doctrine I don't care who you are and they can't deny this; take one doctrine in the Bible and you milk that doctrine to its extreme limit, you'll have every other doctrine before it's over. You can't help it, it's like the ocean water, one drop and you got the whole thing.

21min 43sec...In the meantime I want to say how much I have enjoyed being with you and what a privilege it is to have you. You don't really know, I don't think, what a privilege it is in my heart and my mind and to the people here to have you come in here to share your love and your Christianity, the Spirit of God with us which is a tremendous thing. And nobody can tell you it, but just do your best to express it and you believe it because that's the way its meant from a believing heart. I wouldn't tell you this if I didn't know from my heart and understand that that's exactly how I feel. And it's a tremendous thing to have you come. It's a tremendous responsibility. But I trust in God who made me to this end. There's been too many indications from the prophet...in my own life that I was ordained to this end just so many indications made, I can't turn it aside. I don't believe for one minute I'll lead you astray or tell you a thing that's wrong. But if I do, I'll have somehow come right behind you and that thing will be corrected. But I've never found one thing I've said as I've thought off my own head and off the cuff, that I haven't found in those tapes somewhere. Not one thing. And so I believe by the grace of God we're not learning anything that is wrong. I got to stand in the judgment for you and that's a pretty serious thing but you know I'm not worried about that. Because I believe that we have the knowledge, the correct understanding of the Word of God. If I didn't believe that I'd go somewhere else. I'd try it. But you can't get through because I believe a certain thing. Nobody can do that. Like many preachers today who want to keep quoting, *"You need a pastor to go to church and pay your tithes that'll see you through."* I'm with Harold (Marconda), if any pastor can guarantee to see me through, I'll quit preaching now and go sit under him. No brother/sister that's not the Word of God that's a gimmick. *Ordained to see you through* - that means he's commanded, he's got a job. Not to pilfer you or not to work on you but he's got a job there and I look at [it] that way.

24min34sec...We've been dealing with the strictly doctrinal and that's not bad because remember Brother Branham said *Christ is the Seals and Christ is the doctrine*. And you have to have a knowledge that comes from Him and that knowledge is imparted by the Holy Spirit and it is very evident that the knowledge imparted by the Spirit is the great thing that God wants done. And at this particular hour it's not so much obeying the Word although that's very very necessary but obedience to a Word will not get you anywhere, it's the life of the Word released in you and that constitutes an obedience that's far superior to any obedience that any men have to do this or do that or other things. See it's just like the washing of pots and pans did a good thing for you because...you know...it typed Christ and you're suppose to do these various things, that was fine. Well what would happen in the life of a person who had the Christ that... all this you were just looking forward to? Then that's what we're looking at today in this hour. We're looking at the fact of the Word...the power of the life of the Word being released in us and folks if that's not done, you're not going to get out of here and I'm not going to get out of here. Because I don't care what you and I do with the Word of God which is fine; it's what the Word of God does with us. Because many a man wants to run and he's disqualified. Many a man wills but God wants. Many a man wants but God negates.

31min 09sec...Now let's go back to Saturday night. I took on Stewardship. I've had just maybe one or two questions. Brother Joe phoned me we talked a bit about that. But I haven't had anybody ask any questions. Now that's fine but I want you to ask questions. I covered in 90 minutes which would take roughly 12 to 16 hours preaching because I didn't even begin to cover it. I want you to thoroughly understand where I'm coming from and where we are to go in the realm of the Spirit in these things. Because believe me it is important as I stressed. And you can not just sit here and think well I was up late last night I go ho-hum today. I want you to listen to me and let this go into your mind down into your heart. What I said was important. We are getting our training now for the Millennium. You may not think so my brother/sister but you are wrong in your thinking; I'm telling you the truth. This is your training ground. Israel was trained to go in under a prophet and the Word and the Bible distinctly says this great Word that you have is going to find you in good stead and keep you in that kingdom there. Now we're different alright because we're getting immortality. But don't you begin to think vague unspiritual thoughts about your immortality just because you will be immortal. There's a lot going on down here and most people don't realize that. They don't realize that what you're getting now is where Adam failed; he got his revelation cut off. He got away from the realm of obedience under headship of God. We are back under Headship or Brother Branham lied to us. So therefore what we're getting today is serious training. In which is involved in the motivations of our hearts and our minds. So when I speak this way, I want you to know I'm not just up here talking as a preacher talks and say, "Well, he's just preaching and he's just bringing something". No, I'm talking about living things that are eternal to this hour. We're not talking of anything that is not vital.

48 min... Almost every church I'm in and I haven't been in too many but I've been in enough to know that immediately I leave that church's pulpit having worked with those people continuously the church dies. And I'm going to tell you why the church dies. I preach hard, I preach fast and I don't repeat myself. I start out and I keep moving, moving, moving and then you move with me. When I first went on the field the people were 10 years behind me. It got to 4 years it got to 2 years it got to 4 months to 2 months and right now at this time the churches like you people are right level in what is being taught. Now if somebody can not follow me in this pulpit but attempts to do what I am doing it'll become a fiasco and a failure because I'll come back in 6 to 8 weeks...you're different. But in a normal church and I'm not boasting I come back 6 to 8 weeks later and I can no more get your attention than nothing because you've learned to go vacant. You just come to church and sat there, went in one ear and out the other and you

weren't being fed or something, you weren't being dynamically helped. Now I'm not saying nobody can follow me. I'm just saying what you need and I need is a type of preacher who is not like me. Who deals with the devotional, the inspirational as I used to on the field preaching faith. When people's faith were lifted to the extent, they'd leave their wheel chairs. They left the meetings healed not even knowing it where prayers were answered day and night. I do not extend my energies in that department anymore and I hope you follow me. But there are men who are in the positive element. And they maintain that positive element.

55min 38 sec... Oh I forgot to tell you one thing didn't I or did I tell you? Did anyone know that Mel read a book on earthquakes in America and the safest place in the whole America is just 50 miles north of Dayton just about where we are. Same thing ???? you know why? There's bedrock down there. And you know what that represents? The Word of God. So maybe we can say hey we're typed.
