11min 57 sec...Get your minds in order and when you pray you know where people live as I say , do it geographically, pray systematically, pray from your heart and believe it. Believe that every good thing that you want is going to come upon your brother. The Bible says *as you stand, pray* and you pray for each other. And I've seen in church where we...well, we developed a healing ministry amongst the Baptist. You know good ole dead Baptist, not Pentecostals teaching the people to pray for each other. And as they prayed for one near, that person that was doing the praying, got healed himself or herself. See. When you learn these things you don't even have to pray for people in the ministry. They get healed sitting in their seats, see. I've seen bone tumors just disappear by talking from the pulpit and just prayer. So you see there is a life that we can live in the shadow of the Almighty in the Holy Spirit and it's like a natural life. You're not trying to extend yourself, you're not trying to get to a position where you say now if I get this high see I can pray with faith I can do this. No see this is a big fallacy it isn't that way at all. We have the revelation and if this Message...before this Message we could see healings. We can see answer to prayer. Now that the Word in total has come, what should we be seeing? You should see much more. But it doesn't need to be, you know, in the other form or style. It can be God dealing with us. God moving, and I want that. And I feel as we do this in our prayer lives our homes lives, we'll be closer knit together. Because that's what we want, not to have anybody not closely knit not to have one person without the same affection.

50 min [Bro. Vayle references the deacons taking 5 minutes before the sermon to read and comment on a scripture] Each time the brother ever who it is; is going to read some scripture Brother Branham gave in any number of sermons and just pointedly make the remark here it is again, because you find 80%-90% percent of all the preaching Brother Branham did was concerning him and his ministry. Which was what? Christ in him in a way, not in you and me, because if Christ was in him in the same way He's in you and me; who needs it? Nobody needs it! You don't need it, I don't need it. Why, what was it doing for us? It only went as far as it could go. Then it took Himself to come.

55min15sec...Look Lee Vayle is not ok and anybody coming in here is not ok, I don't care who you say. Because I'm going to be honest with you, I got to answer at the White Throne and if I'm willing to answer God's challenge at the White Throne for teaching you, and take all the blame if I'm wrong then you think I am going to be anything less fair with you as people.

1hr 14min 34sec...Now remember this one thing if you're going to sow to reap. Don't ever use your problems to take advantage of anybody. You hear what I said? You didn't hear what I said, you're not listening. Yes you are but I have to hit you; hit you again. Don't ever take advantage of anybody with your problems or you will reap death as you never thought you'd reap it and problems like you never thought you'd have. Take your problems to the Lord. Keep sowing in righteousness and reap. Do you follow me? I will see you at the White Throne. Now you see I don't mean to hurt anybody and many people think I lash out when I talk this way. I'm doing this to impress you; I know what I am talking about. Did you hear what I said? I know what I am talking about and I will be responsible for my words as I tell you. We must go on and we are going on brother/sister. The light shineth brighter and brighter to the perfect day. Right... understand these things then. So let's keep moving on with God.

Let me tell you something else. I don't put this on other tapes other preachers would like to hear it. They use everything that I say when those tapes go out. Let me tell you something and understand this. I've been a Pentecostal preacher for years now and I've always seen this in Pentecostal churches. Bring the Spirit of God and the people up to a point and they go uhhh.(Bro. Vayle makes a noise like a small gasp

of breath) and they don't come to church Wednesday night and they don't come back Sunday though they could all be there. They don't know what to do with the blessing and the plateaus that God gives and they die. Listen you church here in Quincy get this flat. You're on the verge of doing the same thing, some of you. You don't listen to me. I can go out here and when I meet you in your homes, I will mug, I will kid, I'll do about anything. In this pulpit, that's a different story. In this pulpit I do not lie to you and I'll meet you. You must be careful as I tell you we reach a plateau, you stay on that plateau. And you watch that you come and get feeding unless you have a job or something keeps you away and you cannot come because you don't know what's going to come from that plateau. Last Sunday I told you truly and I'm not lying we reached a plateau. On Wednesday unknowing what would happen, suddenly it became clear. The main thrust was this Message this Word of this hour. Now you don't know perhaps sitting there how????? before God, I lie not to you. That Word is a conduit for the Holy Ghost to make in you the reality and the life that God wants to have in this hour in a Bride and we'll see shortly in this message which is Ephesians 1:5 manifested sons of God. So I can mug and kid in all things and I do. You come into my home, I cut up. I clown. But in this pulpit there is no clowning, irony, yes. Unfortunately many times disgust for principles but not people, but we need to know what I'm talking about.
