3/19/89-4/30/89

Bro. Lee Vayle

1min...I can only do so much and I intend to do only so much as far as I am concerned because I feel the ministry of preaching the Word, teaching the Word, is the vital thing that I have left in my life and the Lord has been very good help to me.

10min20sec...And Brother Branham according to Junior's dream and Junior is a dreamer...Junior Jackson. Took the crowbar knocked the cap off that mountain and there he said "Look on this" and I want to tell you that was the jewel of the century. 6000 years later, before where man was allowed by God to open those Seven Seals,...take you right back to the Garden of Eden...blend time and eternity...bring a people to say "Hey I'm already part of New Jerusalem". You could never say that before. That's a tremendous thing we're looking at brother/sister and I'm appalled at myself, I'll just be honest with you. I can get up here and lay it on line upon line and then wonder, "My God what's happening to me?" But something's happening just the same because I believe it, I believe it. I'm not going to stand back and disbelieve what the prophet said.

11min 40 sec... I want you to fulfill your obligations, don't be afraid to give. I've never been hurt by giving, the more I give the more I get. You say, "Brother Vayle, you're a preacher". You should have been in my shoes 'kiddo' when my wife and I lived on 39 dollars a week. Yes you should have been there at that time; so you can never come at me. When I come at this pulpit here I'm as honest as I can possible be, before Almighty God knowing I'm standing before Him now at the White Throne.

13min22sec...Remember the deacons must have a standard as Brother Branham said the five-fold election does not have. Because you see I operate solely by gift. But that doesn't allow me to run riot and say I'll operate by gift and I can do what I want. I can bleed you, I can beat you, I can bruise you. No, no, no brother/sister... there is a Christian conduct. But a five-fold ministry has something beyond a conduct...literally explodes in your mind...see. I just have to stand with what the prophet said. And you know standing with what the prophet said is wonderful.

15min 53sec...Brother Branham said the devil's got a punch at you. He said it could be T.B. it could be cancer... it could be this... could be nerves. Nerves can bring on cancer. Nerves can bring on ulcers. Nerves can bring on anything. This poor lady came to Brother Branham and she said, "I was standing in white sand and she was so helpless and everything so bad." He said, "Let me tell you sister, white sand means everything's OK; but you got a spirit of nervousness on you and it's ruining your whole family, get it off of you." Nerves can tighten up your muscles. So I'm going to tell you something. That crack the devil's got at us is really a doozy.

But you know what? It's strange that Brother Branham said the Seventh Seal brings relaxation... vindicated Message... piling Word upon Word...no way piling word upon word...piling vindicated Word upon vindicated Word.

Don't ever think you're piling word upon word...Fap! I'll get ole Bible out here and we can start reading here and reading and reading and reading till our eye balls bug out and they're blood shot and we can hardly read, piling word upon word and you go to hell doing it. You'll die with your ulcers, your T.B., and God knows what.

But you pile vindicated Word upon Word, which is the revealed Word of God...listen I'm going to tell you something. William Branham is the prophet of God and I believe what we study here is the Bible for\_

this hour. You do what you want and I ain't even Pentecostal. I can get excited. But you think for one minute the power of the Word lies in a demonstration you are entirely bereft of understanding. The Word has been demonstrated... it needs nothing further...needs a receptive soul.

You believe it, well come on that's all there is to it. You say, Brother Vayle, I'm looking for this or that. You look for only one thing...to get a real definitive revelation of this Word piling Word upon Word. God's own prophet said the Bride will have that Word and she will know what to do or she'll keep her mouth shut. My we got guarantees here brothers/sisters that are fabulous. Now look I'm going to tell you something. If the wife doesn't want to go with you husband, you go. If the husband doesn't want to go, wife...I'm going to tell you one thing... you go. You're sitting here too smug and too secure in what is wrong. Think one goes as the whole family; I doubt very sincerely...it's possible. But it's a one to one, that's right.

Listen to me young children growing up. I'm a tough old bird up here and you know that I love you and try to do right by you. But some of you kids are not listening. You listen, not because of your parents... because of vindicated Word. A man that told me one day... I'm not through announcing and that's great...sat with me one day, William Branham, and I thought his statement was a most peculiar statement coming from a man of his caliber. And he said, *"You know Lee what I'd like to do?"* and I said, *"No what?"* He pointed at little young girls sitting at tables and said *"I'd like to go to those little girls, say I want to talk to you. Tell them what's down the road. I want to spare them, I want to save them."* But he said, *"If I tried it, they'd call the cops, as though I tried to pick them up."*

Little did I know what Brother Branham saw coming down the road. That man talking would have turned lives around and saved lives. Nobody here wants to hurt anybody. I've not got an ax to grind. It isn't worth it. I know what grinding axes do; they grind your innards out. They mess your wheels and cogs up and you're spitting tacks in ??? [a vitriolic] manner. Pushing the dirt under the rug isn't going to do it either. Standing as though you're justified because of problems that existed will not do you any good but destroy you... your family... and the place you have in church. I'm speaking very carefully now knowing exactly what I'm saying. I challenge any person living in this church when we came back together I opened my heart as you don't know.

Understand what I'm saying. But I have a feeling I won't be long with you. I don't know if that feeling is right. But I tell you ever since I begin to see history written on the wall; men's bodies dying in corruption for the first time. I don't say anymore if this is the squeeze give me 2000 years with good health. I want to get out of here.

Now I tell you light and darkness, they're here today...greatest thing ever. Well Lord bless you, hope you like the announcements because I'm announcing to your souls the great day of God. Nobody fools anybody.

41min 55sec...So look troubles are coming and troubles are going...don't despair. Just keep looking to God with all your heart for the healing that's in this message. It's working brother/sister. May not be working as you and I want it to work or as fast but believe me it is working. You believe that? I believe it.

1hr 17min 13sec...In Adoption he said there's a worse disease than cancer coming where men will literally rot on their feet. Now I preached that many years from the Bible. I'd forgotten Brother Branham made the statement. It is known as Aids. And we're talking about the immune system. The church has decided to inject it's parishioners with everything but the Word of God which has been revealed. So the church has no immune system left. That's what Babylon has done.

And I want you to know no matter where you go brother/sister, every word the prophet said is true and you will not leave this earth here in good condition unless you come to the Word that has been revealed by God. Go any way you want. I'm warning you. And I'm not trying to get you here by saying, "*Hey, Lee Vayle's going to put a bug on us.*" Let me tell you flat. The more people that come here, the more scared I get that I'm wrong. So you're not getting an invitation to come and be a part of a church. That's up to you honey whatever you do.

I'm going to preach this Word because somebody sitting here believes what I'm saying because I believe the prophet, and I can find everything he said right in here and I can find every magazine under high heaven that backs it up. And I don't care what anybody says against me and this church or you. I'll stand here knowing (*Brother Vayle pats Bible*) this Bible open before me and knowing there is a God in heaven. I am not lying, because this is a vindicated Word. And we preach it according to the Word of God as the prophet set it forth. And I'll take full responsibility, knowing I've said this Word, to stand in the judgment for, in that great day. And if I am wrong, you will be facing me in that day and say, "Lee Vayle, you're standing before the Most High God and the Lamb of God at the White Throne here...you taught us wrong." I got no other choice.

So if you think you could be in trouble, you just look at this guy (*pointing to the prophet's picture*). And if you think I could be in that trouble, you look at that man. (*Bro Vayle really raises his voice*) Then if you think he's in trouble...what told him? What told him these things? Then that One's in trouble... let me just say one thing. Forget about God, because He doesn't even know Himself as far as anybody...what are you going to say? What are you going to say? Tell me tell me what you're going to say. Where you going? Now let me tell you something brother/sisters, I preach this Message hard rough and tough. But you know something? I don't preach it half as hard and rough and tough as I'm yet going to do it... on what grounds? I barely believe what I'm teaching today but I believe it enough where I don't dare leave it. And one day it's going to be so all consuming that it's lived and breathed and that's all there is, because that's all that's necessary, that's all that's required.
