Bro. Lee Vayle

13min 30sec...But you know here a couple of kids I think I've known them almost every day of their lives and growing up fine Christians, it made me think what Brother Branham said "*Apply the Token*". And nobody's going to miss it. And we see little children growing up and it would be pitiful...heavens...I mean let's face it. What a tremendous loss, and that's my talking now and I think I speak for the Lord too. What a tremendous loss it would be not to see all these cute little kiddies we see running around here; wonderful children come right to the Millennium. Of course little tiny ones, they'll make it. There's no doubt about it. But as they get older I believe as never before the Word is fulfilled because Brother Branham really laid it on the line *bring up a child in the way it ought to go and he'll not depart. And if he ever does he'll come on back*. So we've got a wonderful promise. I think it's marvelous.

I know some of you right now you're worried maybe about your children being older and you say, "Well will they come in?" Just keep your heart on the Lord. Now there's no way we're going to make the un-elect elected. But in the last day it's different. You got to believe that. You got to believe the last day is different. It's like the first age when the apostle Paul said *believe and all thy house shall be saved*. The apostle Paul taught the Philippian jailer how to apply the Token, I believe he did it. I believe he's going to be like Job, see all his children there, time to take real heart and faith in the Lord.

17 min...How you doing there Heather good to see you...McMann right...McMann... that's Irish sort of and a green dress to prove it. Did you attend the wedding of a pixie? Where the kids? Home? She's got cute kids. She's got a nice husband too. He doesn't see the Message but he backs her all the way in what she believes and how she believes. He's a very good man in the Lord. You say is he in the Lord? In this respect I believe he'll sure make the second resurrection. Anybody that's really sympathetic to the Word but hasn't been called to the grace of God I believe that they'll be literally billions populating the earth. Because that was the command of God when there was no water on the earth, so all you fishermen are kind of out of luck. Even the hunters. When the earth was entirely earth, He said populate it, the resurrection's going to do that...be tremendous crowds. I think that's why Brother Branham's vision was so accurate beyond the curtain of time. He said, "*Are all these people*"...he said about a million he figured but you know that could be just an assessment. We're not going to hold the man down to figures. You just look at a density and say hey that could be that. I believe that speaks of the fact that this age that they'll be many, many people who never...like Brother Branham said *good people who just never understood* and they'll be there and I'm glad for that. I'm glad to think that. That gets you off the hook of this continual grinding of the devil why would God elect and elect. You know what I mean. Brother Branham said there's a natural election there's a spiritual.

Well if you didn't get into the original spiritual which demands a natural in the sense, you know the configuration of our forms. Then there's also the natural coming up where, you know, who knows who'll all be there. We praise the Lord that God has not lost anybody. Everyone that died in Adam will come back in the resurrection. And that's wonderful. Makes you feel good, expands your heart and love, makes you more generous in your sentiments, your outlook, attitudes, gestures, living, more temperance, settles you down. A lot of us have children we don't know where they're going to come in at. But you know they could be there. Claim every one of them.

22min 45sec...You know, you may think that you know this but nobody knows it... except the prophet knew it and we better know it or we're not going to get out of here. We have turned a corner and you're committed to either the great tribulation and the second resurrection... you got three choices. Now you don't make them, but there's three there to the White Throne and the lake of fire or getting out of here which Brother Branham said about the great tribulation. And he believed the oath of Columbus was formulated by a priest and popes and what have you on anybody who was a protestant. And if you read it you know it was pretty monstrous. And he said I would sooner have that perpetuated upon me than just five minutes in the great tribulation. How committed are we? Live or die, sink or swim. We're not to be cynical and we're not hopeless and helpless. We're committed.

And in this committal search the history, two thousand years of history. Now this is admitted by the religious authors who today...Brother Branham's gone almost twenty five years now... so they feel very safe in coming out with their hog wash and their condemnation which is preparing them for the burning if we are right. They have said that not for two thousand years did you see a ministry like Brother Branham's. Why?

30min 26sec...Even Elisha died with the sickness where with he was ill, he had many more miracles than even Elijah did. And Brother Branham said he had...God had greater success in his ministry than Jesus did than in his own when he was on earth in the flesh. Greater works than these shall be done because I...by somebody because I go to my Father.

39min...He said it could be maybe a hundred years maybe fifty, twenty five, maybe tomorrow morning. Of course I knew it wouldn't be tomorrow morning so don't get excited. Many people are going to leave the Message because the very thing I'm talking to you about. They can't stand the waiting. They all want to identify with Noah but not with his endurance.

I don't think Noah when he was building the ark was out there winking with the world, the floozy spirituals. Like Brother Branham said get under the covenant, get under the blood. So Lula comes by and says Lillie come out. She said, "We're having fun." She said, "No I'm under the covenant."

So I'm warning you. It's going to be very easy for many of you to just get very indifferent. You got your marriage, your children. (Bro Vayle makes snoring sound and talks in a sleepy voice while saying the next) *Oh I should get up and go to church but (snores) I actually should do something about the Word, you know how it is.* Yeah I know exactly how it is. I know exactly because the prophet said he had one worry that the cares of this life would take over God's people. Take them right away from the Word of God. You know when you consider that the beast didn't have much trouble persuading Eve, we ought not to be too high minded and think we're so secure. So I hope you come out fighting from now on. Fight your indifferences. Fight your appetites. Fight the pleasures of sin, above all fight your minds and know of a surety; that the Life in this Word will quicken your mind, will quicken your souls, will eventually quicken your bodies.

52min54sec...There's going to be a time then that the power of God will come into the church. And Brother Branham said it will not be by works it's going to be by grace when God brings it back. So you see the power of God is going to come into the church to the extent that it's going to bring about a resurrection. It's going to bring about immortality it's going to bring about a rapture.

And notice at that time he said *put on the whole armor of God that you may be able to stand against the wiles of the devil.* Now he already spoke of that. And he spoke of it in terms of the Holy Ghost coming upon the earth, Christ coming back in the form of the Holy Ghost, putting the church in divine order to the extent that at the end time there is going to be a church that will not be tossed to and fro and carried about by every wind of doctrine.

Now the wiles of the devil is the wind of doctrine which means he takes you off the rock and gives you wind for your foundation. See so it will never work. Now that kind of a church that's pregnant with wind only brings forth wind. It can never bring forth the child. In other words, God coming back in flesh, can't do it. Nope; but the church has got to come to a place (and I'm using scripture and I'm saying these things). I'm not making up a kind of a phony illustration, this is what the Bible actually teaches.

Now it tells you here there's coming a time when the full power of God is in our midst, protected against the wiles of the devil. We won't be wrestling against flesh and blood. That's all finished but against principalities against powers against the rulers of the darkness of this world against spiritual wickedness in high places. Now that actually is the antithesis of Hebrews 6. Paul speaking of the end time fantastic ministry the Holy Ghost looses among us so that we can have a definitive revelation and an understanding. Now that's the most important thing.

Let's keep on moving. And he says here, *take the whole armor of God that you may be able to stand in the evil day.* That's this day right here. Behold I come and the earth is going to burn. *And having done all to stand...*notice that, live die sink or swim this is it...see. *Standing therefore your loins girded about with truth...*now remember Levi

was in the loins of his grandfather so this is speaking in terms of here, not the loins that are physical but the loins of the mind *being girded up with truth*, we're not going to be pushed here and there. *Having the breast plate of righteousness* in other words that again is something given us at the end time when it's the apex. *Your feet shod with the preparation of the gospel of peace...* going to get out of here cross over. Now watch. Here's what I'm driving at. *Above all taking the shield of faith where with you're able to quench all the fiery darts of the wicked...* now what is a shield for? A shield is a preparatory instrument so when something is coming against you, you can receive the brunt of it so that you get a jolt but you don't get knocked down or an annihilation.

Now the thing is this, what is that shield of faith? Faith is a revelation, positively a revelation. Now then what is that revelation at the end time going to do for us in the measure of a shield of faith? Ok it's right over here in the book of 1<sup>st</sup> Corinthians the 15<sup>th</sup> chapter; God having come down to set His church in order and the great mystery now that climaxes and caps the whole thing of the Shout, God coming down, putting the church in order, everything under the feet of Jesus Christ and now He says 'Hey! I want to show you something. The dead are going to be raised incorruptible and we are going to be changed because now is the hour of the kingdom. In a moment in the twinkling of an eye, at the last trump for the trumpet shall sound. That's the shout. The dead's raised incorruptible and we'll be changed this corruptibility will put on incorruptibility then what? *Death is swallowed up in victory...oh death where is your sting.*

The fiery dart of death is stopped by the shield of faith. What is your revelation today? Have you got the genuine revelation brother/sister that can absolutely fend off death and stand here and say I know that my redeemer liveth and at this point I'm living. And if I don't make it because of my age or something, there's somebody here that's going to make it because they fit in that category. The fiery dart of the enemy of death is put to one side.

59min13sec...Now you got a revelation his morning brother sister that you can quench every dart of the enemy, every single one. You got *the helmet of salvation*. That protects the mind up here; the brain doesn't get jolted and carried away. You got *the sword of the spirit*. It's a double edged sword proven to you by discernment; never ever made a mistake. So the saint of God is perfectly equipped today. You say I'm looking for something else. You don't belong in this church. I'm sorry you're not one of us. You have a sick religion. You have got a Pentecostal doctrine. And I can tell you, you're not standing. You're either sitting or rolling around in the hog pen. That's an awful thing to say to folks isn't it? You see it doesn't apply to you here. That's just to let you know where you stand. We're using the negative to show the positive.

???????... How about your daughter? She come next time maybe? Well, keep praying for her. That's good. Don't push them. Just believe for them. As you know, one little drop of honey will catch more flies than a barrel of vinegar.

1hr17min48sec...There's going to have to be people standing on earth here somewhere that just isn't sick; even if it's only five minutes before the rapture.
