Bro. Lee Vayle, 1/17/93-3/10/93

5min 19sec...The understanding cannot be given to the disobedient. The understanding cannot be given to those who do not want to learn. But those that are like babes just freshly weaned from the breast ready now to absorb the knowledge. And this understanding to the disobedient does not mean that those people are disobedient who have the Word and know the light and said I refuse it. The word disobedience there means 'they simply don't understand but want to'.

Their hearts and their minds are open and they will receive the light. Even as Jesus said to the Pharisees. You couldn't tell them anything because they knew all the scripture concerning Messiah. But they didn't have the revelation concerning it. They would not listen to him though vindicated as that prophet and he said *"I'm going to tell you something...you are of your father the devil. He was a liar and a murderer from the beginning; the truth is not in you."* And there's one specific reason that made the difference. They had no place for the Word.

That's why Brother Branham said categorically anybody said he's baptized with the Holy Ghost and denies the Word of God by not saying amen to every word can no more be baptized with the Holy Ghost than nothing. Why? Because the same Spirit that they say is upon them and in them is the One that wrote the Book. So therefore if the Holy Spirit is with anybody and that anointing is a true anointing, there will be a verbal, there will be a joyous, there will be a responsive amen to every word. Particularly to that which is vindicated, so there's no turning down of any reality.

8min 24sec... The same girl told her father who is a preacher; "going to this church is like nothing, it's like playing church". She was involved in emotions. Now let's get this flat 100% and once and for all. You do not judge the Word by the spirit. You judge the spirit by the Word. I've watched them. I've seen where they're going. And I will be just as pitiless with you. Right. Because I'm standing on my own two feet and I must answer to God and I am fighting for my life. And I'm battling against principalities and powers and the root and foundation of the prince and powers of hell is a perverted word. Now that's what we're studying.

10min 19sec... Now to give you an idea about Doc's attitude, I was amazed. He was telling me the other night as he was lying there in bed just meditating it seemed like the word of the Lord came to him, and struck him very, very what you might call very strong manner. He said the very thing that Brother Branham quoted all the time; *let every man's word be a lie but let Mine be the truth.* And he brought out a very unique revelation on it that I heartily concur with, that there's a lot of things in this world that are true. You can't deny that they are true. And Brother Branham always said, (now this doesn't mean Doc has cancer this is just illustrating), Brother Branham said if you have cancer don't deny it. Why? Because there's a truer Word which makes every man's word though true, a lie.

18min 41sec... (Bro Vayle reading from an article) *Africans passing from Benin into slavery brought vote and worship to Haiti and Brazil where it is mixed with Catholicism and came to be called voodoo. Benin with a population of 4.9 million is about one quarter Christian, 13% Muslim the rest follow African religions.* Well you can see why she's going to have everything in there and you can see why the prophet warned us as he warned us about mixing the Word illegally.

28min 35sec... I told you many, many a time here that I'm not a prophet which you well know. So we don't have to worry about that one. But you still don't understand how anybody else outside of a prophet deals with the Word of God. Either you read it and forget it and just leave it there...that becomes a scribe

then. But the wise man part is the part that handles the Word which is a fivefold ministry. And by the way if you're not entirely ignorant like one of the men who left here in his entire ignorance, you're going to find in the fourth chapter of the book of Ephesians that the true fivefold ministry is the Holy Ghost to you. Just like Brother Branham was God to the people.

Now I know that's a little bit difficult for these high minded people with great educations to humble themselves. If they'd refrain from what they've...as Abraham Lincoln said it's better to shut your mouth and realize and let people think you're a fool than open your mouth and prove that you are one. And I've got no apology for the tough things I'm saying because it's going to be this way from now on, if you like it or not. No skin off of my nose. I'm here to serve God and to help those that want help (Brother Vayle emphasizes the word want).. And you just about lost it.

???????????...After all these years of teaching, it seems that a couple little phrases that would mean so much to all of us have sort of been deleted or put in the back of our minds to the extent that we just really don't understand the impact of this hour. Number one, Brother Branham said, "*Nothing outside of this Message will come to life.*" That's it. Another thing he said, "*You don't have a think coming.*" The third thing of course is *Live, die, sink or swim, this is it.* Now, the last two phrases have given certain people in my memory and in this area complete fits. Actually to hate those two phrases: *You don't have a think coming. Live, die, sink or swim.* Now, this is my little sort of pastoral message before I get to Brother Branham. Your good works don't amount to a hill of beans. Your thoughts and your desires and your love and all of these things without a true revelation put you in debt and the most you could possibly ascribe to if indeed you can would to be a foolish virgin.

???????????...I'm trying to tell you, Jesus died for what we're getting today, the Word of God. Paul lost his head for the same word. Peter was crucified upside down for the same Word. The blood of the martyrs has always been for the Word! So is it too much for the prophet to tell you, "*Live, die, sink or swim.*"?

59min 11sec...After service I will pass out an article, and we can hear the tape so you will know I didn't make it up. That John McRae sent concerning the situation that he knew would be here. He didn't appraise me of it, but it'll be there. Pete brought it, but we have the tape. You'll hear it too. And you'll know for now on if I am placed as authority in this church to teach you this Word, the first person that comes against it will come before this entire church and I will expect you to do what has not been done before. That you listen and get a spirit on you, (*sounds like Bro Vayle pounds pulpit*) Right Brother Gary? Say it out loud 'Right'. (Bro Gary says 'Right'.) Thank you. Did it come from one of those three men? (Bro Gary says yes) Thank you.

The Bible says rebuke before all that all may fear. After the second admonition do what? (Comes from congregation 'reject as a heretic') Thank you. You think we're going to run a social club from now on? I've put with everything and I trust I'm not burdensome and mean to you. But look I'm fighting for my life and I hate myself more than you could ever hate me. And I lower myself more than you could ever lower me. I've got a complex too. But I'm going to tell you, I can't argue with that. And I will fight for that. And as Brother Branham said as far as I know; this man spoke the truth, he said "Lee Vayle has only one fault, he fights for me too much", and I'll keep on doing it.
