

Comments #43

6/27/93-7/18/93, Bro. Lee Vayle

5min 16sec...A lot of people talk about Brother Branham's Message and they take different routes. And if you take the 'Jesus Only' route, you're never going to make it. They're in error. If you take the 'Trinitarian' route you're not going to make it, that's idolatry. Do you think maybe those that are 'Jesus Only' think its idolatry? Good question, right? You think I'm going to answer you? I can leave you suspended. If the one's idolatry so is the other in the sense that if you don't recognize the Son you don't recognize the Father. If you don't have the Father you don't have the Son.

6min 42sec... I trust I am greeting real Christian believers that are traveling the same route we are. That are not fooled by either the Trinitarians or the Oneness and Brother Branham said, "*I am not Oneness.*" How would you like to get all these Oneness preachers together and say, "Hey! Tell me where you differ today from where you differed before Brother Branham came on the scene?" They're not going to differ. Not the ones I talked to. All you got to believe is just one little lie, that's all it takes; doesn't take a half a dozen. No it doesn't take someone to come by say "Hah! Word of God my foot, anyway there isn't any God." Doesn't take that. It just takes "Hath God surely said? Are you getting this right"? Well I trust you're all getting it right. Doesn't mean you are, doesn't mean I am as thought we could begin to vindicate ourselves.

8min 17sec...I found out from a very fine authority this week as we sat and chat what all the preachers have against Lee Vayle is this. He's built a little wall around himself. I haven't built a wall around myself. But don't think I'm going to stand still and deny the Word of God for a bunch of people that don't know you've turned a corner, live die sink or swim. You haven't got time to change your mind again because it's all over. You say, "What do you mean Brother Vayle?" (Bro Vayle shouts) The man's dead! There's not somebody else to follow him. That's where I get the 'guff' and the hatred. And if you're not standing with me, I'm sorry. We're not brothers; we're not sisters. I'm not going where you're going. You're not going where I'm going lest we all end up in hell. People just don't take this Word seriously.

Eve didn't take it seriously, nobody seems to. Anyway that's why we're here tonight. Believe in a vindicated prophet believe in the Word take it right back to the Bible every single time. When he says something that's it! And if you ask any questions and you puzzle and say, "Well I don't know, I wonder?" You're gone, you're finished. You're finished. Oh but Brother Vayle, "Not in that little thing." What did Eve do? (Bro Vayle raises voice) COME ON! Did Satan take a club and beat her over the head and rape her? Come on. So I trust you're one. Well, I'll be honest with you. I trust you got the same mindset that I've got. Not going to crow over it and make anything of it but I believe that we understand what Brother Branham was saying. I believe we have the Word of God. So we greet you all in the Name of the Lord. And greeting in the Name of the Lord is not to bear His Name in vain but to mean it. We have that Name correctly, baptized in It. Meet around the Word and around the table, communion.

12min25sec...It's scriptural for people to have fellowship one with another. You realize it's unscriptural when people live in a certain type of sin that you can't even sit and eat with them. Where is that found? 1st Corinthians is that over here, where they talk about the...let me see where we're at ...he talks about... Paul in the 5th chapter 1st Corinthians talks about people in the world...then it said well...he said in the 9th verse *I wrote unto you an epistle not to keep company with fornicators yet not altogether with the fornicators of this world, or with the covetous, or extortioners, or with idolaters for then ye must needs go out of the world.* Now Paul says if the guys a rank sinner and he knows it and he's not trying to pretend he's a brother, he some kind of fellow that's, you know; you can sit down and eat with sinners, no problem. Pass the time of day. What's it say about you sitting with somebody that calls himself a brother and he's anything but a brother indeed.

But now I have written unto you not to keep company, if any man that's called a brother be a fornicator, or covetous, or an idolater, Trinitarian something like that. Or a railer, or a drunkard, or an extortioner; you can't sit and eat with them. Brother Branham would add 'bust up your TV's. Notice these peculiar things. Now Paul says; For what have I to judge them also that are without? Do not ye judge them that are within? But them that are without God judgeth. Therefore put away from yourselves that wicked person.

So I trust tomorrow as we eat...well look yourselves over...I got...this is kind of nasty isn't? A little nasty bit of greetings. You got to be careful of the table of the Lord, you better be careful who your friends are with whom you associate. Well Brother Vayle, you're not nice and we got to be nice to these people that desecrate the lovely name of God and His Word. I read the book to you tonight. You're in jeopardy. I'm in jeopardy.

It's not a nice thing to just walk around at this end time and disobey God's Word. How do you justify? How do you justify coming against the Word of God? Huh? "Well Brother Vayle you see 'um'... 'ayah'... if we do it, it's alright because 'uhh' we have an intercessor."

Come on, willful disobedience. *He that turneth away his ear from hearing the law, God will not hear his prayer.* I don't want to spoil your night. Got some nice things to talk about from the 10th, a little message on this Word. But I'm duty bound to tell you these things as I feel led. I always try to give some little thought pastoral so to speak. And I trust a word the wise is sufficient. We are not separatist as though we ourselves have acquired or accrued unto us a set of laws in our own word, we're not that at all. But we better take heed to the Word of God which Brother Branham did not change one Word. But he stood with every single Word. Keep the church clean, stay away from seducers.

"We have such a lovely time Brother Vayle when we go fishing and picnicking and all that." Do you now? Here's the Bible, come on stand beside me, read it your way. Huh? *Be not deceived evil companions corrupt good manners.* And we're just as good as our manners, right? Well I don't want to hurt anybody feelings make you feel sad and gloomy. I certainly am not. And taking a stand from the Word, I find that the best company in all the world is with you people who believe the Word and want to talk the Word and live the Word. Not because I want you to agree with me, that's not the idea. I don't agree with myself. When I look at this Word I'm not looking at something that Lee Vayle agrees with and Lee Vayle wrote or Lee Vayle has a thing to do with it. I'm looking at this Word knowing it's vindicated. And I've got to look that Word right in the face because it's looking me in the face and you know something? Neither one, I nor the Word, is going to escape the White Throne as we stand before Him, the Judge of all men. Neither is anyone of us. So the Lord bless you, solemnize your hearts each and every one of us to be aware of this Word above everything else in this world trusting and hoping.

It's by Its reception even as Mary did that that Living Word of God formed in her to bring forth that Stature of a Perfect Man, Christ. My only hope is that that Word in me. You have your own thinking your own thoughts you own ways on it...my only hope is that Word of God will be my transformation and my transfiguration if I die, rise from the ground to be like Him and in His Image. To go into that Millennium for further sanctification and further light which goes far beyond the Millennium right to the New Jerusalem. I don't know what your feelings are. I've expressed mine. The Lord bless each and every one.

39min 15sec...Well good morning it's good to see everybody and trust you're in fine fettle spiritually and physically because we have promises to that end. Now we never ever had a Word of the Lord that ever said anything about trials and tribulations being an end in themselves. They're character builders and the only way that they are character builders is by overcoming and the only ones who get any credit for overcoming and developing good characters being good citizens good people are Christians. Because they overcome by

the blood of the Lamb and the Word of their testimony. And their testimony had better be what God has said. And not only what God has said because God's the author of all power and He's the Author of all words. So it better be what God has said and how He intended it to be and we can have that of course by revelation. That's why Brother Branham said if we confess what God has said particularly; we're speaking in terms of healing and confess that, he said that God will cause your body...make your body to obey your testimony.

45min 8sec...God will make your testimony if it's based on scripture and even many things that aren't based on scripture in the sense that you can say, "Hey, that's not scientifically true, that wouldn't be genetically correct." I got news for you, I really believe with all my heart if two people had nothing but looking back on their heredity looking back way, way back generations and their just as dark headed as could be; I have no doubt in my mind two people faithfully praying could have a blond child. You see you know why, because you got nothing in the Word against it and you got plenty in the Word for it. See, this leads me to let you know now, everything in this world is made up of a negative and positive force. And every word in this world has a negative and positive within it. That's why Satan said '*thou shall not die*', see, he had her listening to the word that she should not have listened to.

But as we begin to listen more and more to the Word of God, this Word that we have and you'll see what Brother Branham speaks of this Original Word here that's sown in our hearts and the virgin minds, virgin wombs...has got to bring forth the original intention. And this is where our confession is, this is where our stand is and this is why, if you don't know you're hated...I'm telling you why you're hated ...and if you're not hated, you're no brother and sister of mine. I don't even know you. I don't even know you. I don't know where you're coming from but I can sure tell where you're going. Because I'm going to tell you, there's nobody wants any of us to take a stand with this Word. They want us to open our doors and say, "Well this is ok that is ok...hey man we're brothers...we're this and that." Let me tell you something. Don't give me that stuff. Don't give me that stuff. All Abrahams children though they were seed physically were not counted as the children of promise. It had started with Isaac and then it went right on down. So you stick with this Word because this Word confessed, God will make your body obey it.

Now a confession of 30 days to get a healing that sounds great but I want to tell you. It took Noah a hundred and twenty years of confession to put him in that ark to take him above the storm and bring him back again. Now are you Original Seed? Did you have your roots in God? Is your genetics going back there? If they're not, you're going to dump it, you won't hold out. If you're young enough, I got news for you. It isn't good to go out in the world and live in sin because there's too many traps out there; every disease and everything under high heavens there.

Try to be a good citizen but don't kid yourself. If you're a child of God you're not...unless your roots go way back there. And remember you will take this Word. You will take It! And I'm going to tell you something else. Before you have real deep rooted friends, before you make up your mind that you can fellowship different people like...and I've been fooled, that's why I'm talking this way this morning. Probe and see where they stand with this Word. And you may find they have no more stand with this Word than a dead dog. And let me tell you there are people that can get together perhaps even unconsciously and contrive to destroy you. You say well Brother Vayle you paint a very dark picture. (Brother Vayle raises his voice) Eight people made the ark out of five billion. You think you're different? You got some special little thing, little gimmick that goes past the Word? I got news for you. It won't work. But the Word of God will work. That's right you put this Word in your heart and you confess this Word. God will make your body obey your testimony. That's right.

Ok? You want some scripture? I'm glad you want scripture cause I want scripture. When I do I go to 2nd Thessolians the 1st chapter. Verse 7...*you who are troubled rest with us*...now this is just before the great

tribulation and you're going to be surprised as you learn more and more about the scripture and the great tribulation in this hour which you in your mind...in my mind...without vindication authority will say, "Well Brother Branham sure laid an egg in that one didn't he?" Well I got news for you. You put all your eggs in one basket that Brother Branham laid for you and you aren't going to have any trouble. Otherwise you got trouble.

Now right here *when he shall be revealed* the Lord Jesus *revealed from heaven with his mighty angels* now he's going to come in flaming fire to reap destruction and punish but also *to be glorified in his saints and be admired in them that believe*. Now watch this, this is entirely foreign to what people believe because they cannot understand this. This is His Appearing right now on earth. This is where...He's already come down...my understanding of the Cloud of Angels that this is it. And it says right here, *because our testimony among you was believed in that day*. Now *if thou shall confess with thy mouth and believe in thine heart*, this gospel of Paul by which the world is judged right now...your body has to obey It.

Now you'll be separated...now remember Brother Branham categorically says and it's proven in the scripture by vindication, "You're separated by the Word!" Now what are you separated by this Word for? To be separated in the rapture. Your body will be transfigured according to 2nd Corinthians the 3rd chapter going into number 4. See so that's why I'm speaking this morning a little bit to you a little kind of pastoral message on the Authoritative Word and how the active and passive faith, their one. There aren't two faiths you just describe it that way in order that you may thoroughly understand. It's just like the principle alpha and omega. There isn't any beginning and ending with God. And yet He calls Himself the alpha and omega. Why? In order to get you to understand the span of life and history of man in which we are involved.

Now we are that seed. Now listen I'm just being very frank with you. The preacher we had here a while ago lay in wait to destroy every one of you. And if you don't believe it, I will send for a man in Europe and bring him right over here and stand in this pulpit. Oh yeah. I don't stand up here and lie and shoot you a string of junk and try to lead you astray. Don't ever believe that for one minute or you're gone. And I'm gone way ahead of you and I'm not lying to you. (Brother Vayle taps on pulpit) Oh yeah. Right behind my back from the very first day to attempt to destroy you with a wrong Word. And the ones that attended the Friday night meetings found out by the second time around. Correct? That he didn't even know what he was talking about.

So who did he call in? The man that couldn't even...the man who's so mixed up he would say that 'Satan at one time was the bride of Jesus Christ'. Right Norm? Watch the Word. You will either live by It or already condemned unto death. You say, "Well I don't know if I can take it." Well you better take it. You have to take it. But your testimony being this Word made alive to you, God will make your body obey It. And He'll make everything around you obey it. You'll come through some hard times but you will come through.

57min58sec...You'll going to be so happy to spend your first day there you'll say, "Will I ever get to that Wedding Supper? I won't want to leave the Wedding Supper." Oh come on, you just can't wait to jump on a white horse and come back and take over. You believe that? It's got to be that way or there's something wrong.
