

Comments #49**Lee Vayle, 3/13/94-5/22/94**

5min 50 sec...We can see all these events which are transpiring and you notice the thing is we are being hit right now. Who is this William Branham? Why he died a drunkard. Why he was just a hillbilly that got too big for his britches. Who are these guys telling us these things? Why you're just saying nobody's in but you. They don't believe that 8 people made the ark, we do. That's all, they're just unbelievers, their believing unbelievers; their believing in the wrong thing, unbelieving in the real thing... see. Never forget the truth is as day by day every breath brother/sister every moment we are thinking and looking at this Word. There is life and transfiguration being imparted. It is a series of events. It has started; everything is going on now. It will not quit sweeping until the New Jerusalem. The Lamb on the throne the Pillar of Fire above the throne and those ordained all there.

10min 28sec... (*Bro Vayle was talking about an Eskimo that just took out his knife and jabbed it into the stomach of another Eskimo for no reason... no God, no conscience, nothing.*)... What I'm trying to say is this, if the heathen did everything they did and some places their still doing it. What will be in a land that totally denied God and they know better. There is no relevancy so therefore if there is no relevancy there...there must be the gravitation to the devil. Left right, left right, good bad, cursing blessing, God, devil, righteousness unrighteousness you can't get away from it.

What do we expect today? This is what horrifies me. I think as nothing else does as I view the future for people in this hour. They seem so dispossessed of the rational spiritual reasoning toward God. To cling so close to every Word and to live it the best you can, giving yourselves to God, that you might not endanger yourselves and your children.

It's right in this message this morning. I don't like to throw wet water at anybody, dampen people's spirits but I want to keep you always aware of everything in this hour because that, as you will see in this message, is that secret. Knowing the hour in which you live, and if you are aware and put your trust in God for the promise of this hour; not yesterday, not tomorrow, but this hour and yielding yourself, vessels unto Him, there is no way that anything can go remiss.

Like Lloyd read it this morning, I'll likely read the same thing; it's in my notes here. There is no Word of God that is void of power, there is no Word of God that will fail. And we are a part of Him. We will not fail either. But there's always that margin in there where God warns and stresses. *Don't take Me and My Word for granted as though you can just say, Hey it's going to happen. It's going to happen to me*". That's not the attitude. That's your legalists or far out Calvinistic ugly perception.

Christians don't act that way and talk that way. They're in fear and trembling and it's a fear and trembling that's a good fear and trembling. Not fear and trembling toward God. It's knowing we're all fallible but He can make us infallible.

24min 28sec...This is where we find so many people and this Message I believe is inundated with it is they can take the fact of the prophet knowing something is there and then they begin preaching from conscience sake. In other words they don't even understand report and report. You understand what I'm saying. Because who has believed our report, that's a complete manifestation. But what does it report? From whom is it coming and what does it entail? Well if you're like Tommy Osborn, "Oh this is great. This is the Bible, we can do this." Forget it! Judas can do it. So forget it. The whole point is lost.

28min 56sec...Now in verse 42...*never the less among the chief rulers also many believed on him but because of the Pharisees they did not confess him lest they should be put out of the synagogue for they loved the praise*

of men more than the praise of God. Now hold it right there. See there, once more you are seeing men who will preach this because of conscience. Now you say, their conscience was so bad...that's absolutely right. They saw it, they couldn't help but understand there's something here that's tremendous that's great. But notice what; they could not leave the synagogue. They could not come out of their organization because they love the praise of men more than the praise of God. Yet all the time knowing that something was here. Now you put in with a bunch of preachers, what have you got? Their so smart that they're not going to turn down the things the prophet said. No! Because there's a vindication there; but they won't preach them according to truth.

Ask again who came down. The Lamb came down? The Lamb didn't come down. The Lamb doesn't come down until Revelation 19. The Lamb is on the Fathers Throne. We'll talk about some of these things today.

But let's understand this. You've got the same thing happening right today. They love the praises of men more than the praise of God. Oh yeah, have fellowship be with us. I've been all through that muck and hog wash. You could be the greatest guy in the world in this Message if you put all the dirt under the carpet and believe anything. "Well, we believe the prophet. We believe this." Do you now? Come on let's find out.

They hate to take a stand and I'm going to tell you; you take a stand for this Word you'll be crucified. But you know something? Eight people made the ark .You understand what I'm saying? You get to the place you got iron in your soul. You say, "Brother Vayle, I don't think you should have iron in your soul." Well you think what you want I'm going to think what I want. You say what you want; I'm going to say what I want. If you can't stand here this morning live die...or as Brother Branham said, "sink or drown", you don't even know what I'm talking about.

And he that would hinder one person against that stand, you better watch where you are because you'll go with those that are drowning. Well that's just a word of advice and a word of warning. You got to stand like you never stood before. Because we've only begun to see some of these things begin to take place.

31min 55sec...They didn't want to be put out of fellowship. They loved the praise of men more than the praise of God. Now what is the praise of God? Huh? What is the praise of God? To see It and stand with it. You want praise of God or do you want praise of men? You just mention who you set under here their going to hate your guts like they hate mine. Now if you want to be praised, you go someplace else. I can tell you several places to go. You'll be a hail fellow, well met plumb around the world, no problem. You get a couple of liars running around the world preaching; you find them preaching anything but what Brother Branham said.

Even one guy runs around the world, he's the great teacher burning light to Europe. I wished I'd saved his sermon and played it for you. Some guy had some crazy dream and he compared it to Brother Branham's "Thus Saith The Lord." You tell me, has that man got something for you? I want to know, has he got something for you? Some of you doubting it? I'll try to get the tape and play it for you.

36min 04sec...*I am come a light into the world and whosoever believeth on me shall not abide in darkness. I'm come a light into the world,* What's he talking about? The vindication up here, talking about the report, God's Word being fulfilled.

38min 57sec...Now men go back in their minds and say that's ok for that day but have we got the spiritual values within us that brings this right to the Omega? Say that's my day in which I live. I'm going to tell you something. If people in this Message believed that, they wouldn't be running here and running there and wondering this and wondering that. That's why hearts are still disturbed and wondering is this it.

Look you got to come to the place live die, swim or drown, or sink or swim is what the world calls it. You got to come to the place where there's a dedication. Now we have seen the Alpha in the Word of God here and we have seen the Omega. And from this moment there is no way to ever change our minds again. Say, "Well Brother Vayle, if I get to that place it could be that I'm going to draw my hand back. I got news for you; there comes a day when you couldn't draw your hand back if you tried. Cause let me tell you something. We have come to the place of stepping over a precipice and once you get your foot so far over the precipice, gravity takes over. You bet it does. There's a point of the perpendicular and you get past that one place, there's no way you can hold back. You can flap your arms and kick all you want, but you're not going to get back. And when you get to that place there's only one thing, you're going to go up or you're going to go down.

41min 8sec... Now one thought before I set down and I'll come back a little later on. I want you to notice Jesus said, *He that seeth me hath seen the Father*. Now if that's the case *he that hath seen me hath seen the Father*; what about today if you should see the Father? Have you not also seen the Son? Now let that sink in this morning. Huh? The days of the Son of man. Who's doing it? God in the form of the Holy Spirit. And who are you seeing in the midst of the church this morning for 7 church ages. Say it again; *he that hath seen me hath seen the Father*. You believe that? Doesn't matter if you believe it or not, point is it's true. Brother Branham said you're looking at me aren't you.

1hr 6min 45sec... What kind of peaked my interest this morning was the fact that he said see those licks of fire...all nine gifts and you haven't lost one of them. Now my point this morning is this, as we get along with this Message it becomes more and more mechanical, it becomes more and more a matter of erudition on the grounds that the Holy Spirit is not given with sensation or any type of manifestation. It's piling Word upon Word and of course we'll all be accused of being just experts in the mechanics and we just have a mental revelation, we just have this and that. I ask you a question? If Brother Branham had so much, how come he got discouraged? If he had so much which he certainly did, where was his right to ever be down in questioning?

So I'm bringing to your attention this; that as we look back and the ministry of Brother Branham everything was so marvelous and our initiation into the mysteries of God in this end hour which is the complete full revelation of all ages going now to the maximum reality. I realize that there's many times a letdown. We're in a plateau. And the plateau from the final step from the natural and mortal to the supernatural immortal can be a very, very dangerous place. I want to ask you a question? What have you lost? Could somebody hand out some paper this morning so we can begin writing it down? I could give you a little time to think it over. What have you lost? Nothing. Nothing's missing.

If the prophet had everything, all nine gifts and they weren't even in use; particularly the gift of healing which you and I had to pull out of him, make it work... gift of miracles lay there. Tongues, interpretation, prophesy, wisdom, knowledge, you know. All of those things lay there. What did he lose? Nothing? What was missing? Nothing. Why was he grumbling? Why do you and I grumble? We're human. We're natural; haven't lost a thing. His wife said, "Bill you've lost a lot of hair." He said, "I haven't lost a one. Pray tell me, where are they? Where were they in the beginning?" He said, "They were right there." You know, it should make a person feel like screaming.
