37min 55 sec...More and more in my own life I'm satisfied with this message that this is everything. There just isn't anything else. And you don't have to go by feelings; in fact you're forbidden to go by feelings. You don't have to go by sensations. And you certainly can not go by some type of demonstration that someone would bring because any demonstration now to prove anything would be false. Most people don't recognize that...that that's an actual true thing you know. Brother Branham said every where there's a twin one of them is false. And the rough thing is that unconsciously we're looking at the wrong twin most of the time because we like to look around and we like to see people that are balanced in their lives; their walking godly; their doing the right thing; their not lying and their not chiseling; their not harming people; their living good lives. And as brother Branham said they go to church to become good people. But you know that one word against this message is all it takes to show that you never were a part of Him that never had a beginning.

43min 09 sec...Brother Branham said Latter Rain came the closest to it and he said also that the most abominable lie is when the lie is 99% accurate, that one word off and one word on. But ????? when brother Branham died we have quite a difference there. What I've seen of them is dismal. Every body wants to be the rider on the white horse. Every body wants to be the leader; the great decision maker. So the rapture tape is very, very, very, very, important. If you got that down in your heart and in your mind; of course you will have it in your mind if it's in your heart...also your spirit; you're really lined up with the Lord, you'll be fully clothed.

56min 18sec...Now in Hebrews the 12th chapter you will notice...which is a very wonderful chapter I've preached on it so many times...the 9th verse. *Further more we have had fathers of our flesh which corrected us and we gave them reverence; shall we not much rather be in subjection unto the Father of spirits, and live?* He's making a comparison there. And the comparison is this, that children obey your parents. Now that's in particular when the parents are looking out for the welfare of the child. And brother Branham...remember we took one of his messages that he preached in the last week of his life...that is in his itinerary...where he said a father and mother wants the best for that baby that's not yet born. The father wants fellowship with that son that's in his loins and coming forth by the proper bedding ground of mother and proper marriage and she's part of him and their all part of each other. Now it says here that the child respects the father because he knows that the father is acting in his behalf. Not all the time does that work but we're talking about people what we believe to be the true bride (in) the last day and their brining up little children, now he said, we gave them respect. Now how much more then should they respect the Father of spirits and live. Now those kids can't see the Father of spirits any more than you and I can. There's only one way they can get to it and that is by the Word of the Living God. There isn't any place else. So it's telling you here to bring up your children in the admonition of the Lord. That's what it's really telling you. Not just living an exemplarity life, that's good, but an exemplarity life in not the way to salvation. An exemplarity life comes out of a true rebirth. And to be really filled with the Holy Ghost, you must pile word

upon word. And that word upon word will help that child every single bit as much as it helps you and me.

58min 36sec... (Bro Vayle reads from Matthew 19 chapter 13 to 15)...Now that tells you right there what every other scripture is telling us. Bring your children to the Lord and dedicate them, see. Their 'little fields' the same as you and I are. There's the planting of the Word of the Living God. And if there is that spark of life in there from God they will respond to that Word into a rebirth. Now brother Branham said in the end time you apply the Token to the entire family. Well there's only one way I know that anybody can apply the Holy Spirit because you can't see Him you can't get a hold of Him. And the wind bloweth where it willeth that is the Spirit goes where it wants to go. You can hear the sound there of but you can't tell where He's coming from where He's going. So is every one that is born of the Spirit. There's a great, great mystery attached to the rebirth and yet we can know that we are born again, we can know. They said brother Branham can you know you're born again? He said, can a woman have a baby and not know it? Unless she's anesthetized she will know it. How are you going to know? There's only one way you will know that is you accept fully 100% within your heart the vindicated Word of Almighty God. Nothing else matters. The time will come when you can only think of bible doctrine in the terms of what William Branham taught us, nothing else. The minute something comes in, you say forget it; hold it; good by. Shuck it off. It'll shuck off anyway.
