19min... And pastors are apt to teach and actually many people feel there's only a 4 fold ...there's not a 5 fold because pastors are suppose to teach. So many people knock the teacher out. You didn't know that, how many knew that? Two or three of you but that's all see. See people pull tricks on you. Yea, tricksters, Gods not a trickster, God is a tester. God don't pull tricks...He tries, He test you. So many people have disregarded the word of the Living God.

28min23sec...Every time you get a word which is decreed and proven it means judgment. The judge came and the judge is still here...we been through that judgment brother sister all we have to do now, just steady with this word; keep your face like a flint don't let reasoning come in there...won't work. Just go right to the Word of God and stay with it.

44min 14sec...You know the Lord has sent forth His Word not to return to Him in vain. But it has to accomplish where with it was sent forth and no word can return unto Him void. It'd have to be fulfilled. Also the scripture says that no word will pass away until it be fulfilled. So every age has had a fulfillment of the word and with it those people that were the magnets to the word that had a place in their souls for the word. Themselves having been a part of the Word. It's just like actually the fact of procreation. There's no such thing today unless you use genetic engineering to bring about the birth of mixed species according to the law of nature. You simply as brother Branham mentions, people try to cross the chimpanzee with human beings and such rot as that, it never did work out. And as brother Branham mentioned as the Word is bride you pile Word upon Word to have the fullness of the Holy Spirit you're taking each person as a word and that person is like a magnet to that Word that comes like dew from heaven in order to bring forth light and life in that individual which had been separated from God to bring them back to God. So every age then there's been a message given...that's what brother Branham said, every age a measure of the Word. And that measure of the Word has never returned void. The age of Paul that'd be a tremendous portion of the bride; Iraneous there'll be another portion of bride. Right on to Martin; Columbus; Luther; Wesley and William Branham right to the very number 7 the capstone ministry. The last person has been given a message and so it will follow perfectly in order that every single one that's been ordained not one less not one too many absolutely perfect even the hundred and forty four thousand Israelites out of six or seven or fifty million people for all I know. I don't know what they ...I don't want to be too facetious here nor to sarcastic. But for all the Jews I've seen I should doubt there's six million, looks more like sixty million around the world. But no matter how many million there are; a hundred and forty four thousand exactly, twelve thousand per tribe...remember one tribe deleted on the account of idolatry. You won't have one over one under. So in this hour there's going to be the exact number that has predestinated but before that elected and actually that election took place with Himself to bring forth His own, every single one will be there, every single one. Now what shape they arrive in depends on how the people revere the Word. And revere what that Word wants from the people of that hour. You can't duplicate the first age the

second age, couldn't duplicate the first the third, couldn't duplicate the second and the fourth, it blew it plumb out of orbit. And then five began to come back but it never duplicated fourth; six never duplicated; seven never duplicated. Why, because it was the coming up. And you can't find that the root is duplicated by the stalk and after the stalk the chaff does not come up from the stalk or that portion, just call it a flower ??????. it's got little ?????? in there that bear pollen and brother Branham likened that to the sixth age of scattering. And six never duplicates five and seven never duplicates six. We're the last ones coming out of a chaff which have the life. See that's why you understand each one has a measure of the Holy Spirit each one has a message each one has a measure of the Word and those that are predestinated to it their going to match that Word perfectly. And from them will be required what is required in that age. Age number seven requires what...repentance. You want to repent? You want to carry your own junk with you, carry your own thoughts? Now I'm going to talk a little bit about that tonight...not very much. I'm going to go into what you might call papyri or just looking around at what's going on at things that are in the world today around this message and not just the message but also certain things in the scripture. You can see as I say that when that Word is fulfilled it can return to God and it won't be void. And who is the Word given to? Well the Words given to God's people so there won't be anybody void...but...and everyone there...but the condition we arrive in is how we come up to the standard of that hour. And the standard of that hour whether they want to know it or not is; everyone is an apostle Paul. Nobody but nobody has any thoughts of his own. Nobody but nobody stands on anything except the vindicated revealed Word of God. That's the final analysis. Morality doesn't have one thing to do with revelation. It will not bring it forth. But revelation will bring forth morality. Don't think it won't, it will. Why do you think brother Branham answered some of those questions, if he is a Christian he will do so and so. Brother Branham should a Christian do so and so...if he's a Christian he will do so and so. Your revelation will bring forth morality but morality will never bring forth revelation. Your revelation will bring forth love like you've never known before. But love...the human kind...will never bring forth revelation.

Now remember every scripture distinctly has two or more meanings that you can attach to it. 1st Corinthians 13 first of all...that love is the Holy Spirit. Without the Holy Spirit, talk in tongues; do anything you want. Give your body to be burned, Mohammedans do it; anybody will do it, their insane to do it. It's not going to change God one minute to do anything like that. Christian Science has abundance of love and that's the second part where you got the other understanding of the double meaning and understanding of scripture. First of all it's the love of God the Holy Spirit because He is Love. The second is now you from that Word bringing forth your love.

55min...(Bro Vayle quoting Rockefeller) And he said, "if one person got a raise of ten cents an hour, that is felt clean around the world even if infinitesimally". Now that guy was a billionaire. Now my point is this. Then if one of us receive a blessing, it has to be felt in the entire bride. See, because the spiritual comes first but it's always reflected in nature. And you have an economic law; spiritual law of economy, the blessing is shared

by all, the sorrow is shared by all. And I thought that was remarkable that Rockefeller said that.

1hr 2min 30 sec...And I tell you the truth. My thoughts are the thoughts of God because of William Branham. And everything that I have in my mind concerning anything spiritual is tested right now by that Word going right back to the Holy Scripture. And I know this that I am going to... in spite of myself...and I can't even swim...the water will carry me over. And they will carry you over. They will, they'll carry you over. You have the proper milieu which is the water. The life, it's what you really know to be Spirit given, Spirit filled Word.

You know something, if I were to immerse you in hydrochloric acid, it wouldn't just burn your skin it would go right through your skin right to your blood stream. If I drop one drop of prussic acid on your finger, it'd go through your blood stream and kill you. What if you're immersed and swimming in the waters of God? Now you not only have within...you have without...it's like God over you God with you and within you. And that's what we have today and this is not an unsubstantiated truth, it's substantiated by the prophet who said that's the way it would be. And Ezekiel saw this hour from the Catholic Church to Luther; from Luther to Wesley, from Wesley to Pentecost and now to the prophet in the former rain, a bride church, 'huh' a bride church. God's going to take us over. No more struggle brother sister. No more struggling. Stop struggling, it doesn't pay to struggle. All you'll do is just wear out. And why would you want to wear out when you don't have to wear out. Why do you want to struggle? The truth of live die swim or drown...I say sink or swim...we've come to the place where it's not any longer live or die, its live. That's the promise of the hour. I may not be here to see the dead; come out of the ground. But I'll be one of them to come out and take a look at you. That's a fore gone conclusion. Because the perfection is going on in this hour to where there's going to be a bride where the power of God comes forth. So that's my word for all of you tonight, just a little encouragement. Look it's out of your hands entirely and it's not a raging torrent, no. (It's) something like the Dead Sea. If you fell in, you'd have to float. Well you've fallen into the sea of God's Holy Spirit filled Word. And brother sister, that Word can not return unto Him void. It's going to take a bride right over into glory.

1hr 12min 10 sec... Always when you take the side where God wants you to be, there is nothing that happens by happenstance, there's nothing that's not calculated by God, and there's nothing that's not meant to bring the best out in us. And you won't find that until maybe you're quite a bit older than you are now. I can look back on my life and there was a time I hated to look back. It was such a discouraging thing. But once it come to the place of knowing the Word of God and the will of God, and you're going to look back and know that you were dedicated at least in a measure, if you did trust at least in a measure that you took your stand once and for all and knew that that was it. And I took live die sink or swim before I met brother Branham, I'd only seen him I'd never heard him. But I knew it was live die sink or swim. He optimized it for me. He brought it to the crucial point. But I'd come to that place many years ago, I guess its took me close to going on fifty years. I came to that place where...look what are you going to do about

it...trust God. My philosophy was this and it still is thought I wish it were even more confirmed. When you die, whose hands are you in? Well you say well if you're born again you're in the hands of God. If you're not born again you're in the hands of the devil. Hog wash; you're in the hands of God period! The devil doesn't have one thing to do with it. God is sovereign. So therefore if when I die the only decent place to be and the only place I will be; good, bad or indifferent will be the hands of God.
